

Camp Spark – Igniting Knowledge! Summer 2018

Camp Spark makes learning fun and links Science, Technology, Engineering, Art, and Mathematics (STEAM) concepts to the real-world.

ABOUT

MoLab, Inc.'s Camp Spark – Igniting Knowledge! is offered when students in Leon County are on school breaks for the fall, winter, spring, and throughout the summer. Sessions are presented at a local school or organization. The Summer Camp Spark 2018 session will be located at Saint Paul's United Methodist Church at 1700 North Meridian Road, Tallahassee, FL 32303 during weeks 1-5 and 10-11. For weeks 6-9, camp will be hosted at Cornerstone Learning Community located at 2524 Hartsfield Road, Tallahassee, FL 32303. Please see page 3 for the dates of each week.

Summer Camp Spark will offer students 5 years old through the 8th grade the opportunity to participate in art and science activities in a fun, interactive, and safe environment. Each weekly session will present campers the opportunity to explore science through creative play, experimentation, and inquiry-based learning experiences. The sessions present age-appropriate curriculum and are designed to provide students with engaging educational activities that are both informative and entertaining.

Camp sessions are staffed by certified school teachers and/or MoLab, Inc. educators. MoLab, Inc. conducts Level 2 background screenings on all employees/volunteers and maintains at least a 1:9 adult to child ratio. Weekly sessions are offered by rising grade level and each day will present a new experience with age-appropriate activities.

Camp Spark makes learning fun and links Science, Technology, Engineering, Art, and Mathematics (STEAM) concepts to the real-world.

HOW TO REGISTER

Registration begins March 22, 2018. Our Camps fill on a first-come, first-served basis. Please register early as Camps fill quickly. A \$35 **non-refundable deposit** is required to register for each session, which is subtracted from the total Registration Fees. Complete payment (including Camp tuition and other related fees) for June Camp sessions (weeks 1-5) is due by June 1, July Camp sessions (Weeks 6-9) by July 1, and August Camp sessions (weeks 10-11) is due by August 1. Clients may also choose to pay in full with Registration.

Payments become **non-refundable two weeks prior** to the Camp start date. Refunds will be given up to 2 weeks prior to the start of a session **minus the \$35 non-refundable deposit.**

Please complete one registration form for each Camper (photocopies are acceptable).

Select **Camp sessions based on the grade level that the Camper will be entering in the fall of 2018.** Be sure to include title, code, and correct fees on the Registration Form. If registering more than one child, deduct a \$10 per week Sibling Discount from the lesser of your children's tuition subtotals.

Registration Forms (page 8) can be mailed or emailed. To pay by check or money order, please send completed Registration Forms and payment by mail to **1700 N. Monroe Street Suite 11-223, Tallahassee, FL 32303.**

Credit card payments must be made at www.tallymolab.org using MoLab's PayPal account. After completing your PayPal transaction, please write the confirmation sequence on the Registration Form. **In order to ensure that your child's spot is secured, you must send the Registration Form via email to aimee@tallymolab.org as soon as the payment transaction is completed.**

Account invoices will be emailed to the parent or guardian upon Registration showing the remaining balance due. All Campers must have an Authorization to Pick Up Camper Form on file. Campers requiring medication to be administered during Camp hours must also have a completed Authorization to Administer Medication Form (only oral medications will be administered). All appropriate Forms (required: Authorization to Pick Up Camper Form and Lunch Order Form) should be returned to MoLab prior to the session start date. Please return by mail or email. Camp paper work is available online at www.tallymolab.org.

If a Camp session is full, you may request to be put on a waiting list. If a Camp must be cancelled due to minimum enrollment requirements, an alternative session can be selected, space permitting, or payment will be refunded.

CAMP DAYS, HOURS, & FEES

Monday – Friday*

Full day sessions: 9 a.m. – 4 p.m.
Drop Campers off starting at 8:45 a.m.
and pick up by 4:15 p.m.

\$180 per weekly all-day session**

All fees include lunch and two snacks

* *Week 1 is a one-day session. Fees for this week are \$45 for the first camper and \$43 for siblings.*

** *Week 6 is a four-day session due to a State Holiday. The rate for this week is \$145.*

Sessions offered according to Grade Level that the Camper is entering for fall 2018:

Grade PreK5-1 Camps

Grade 2-3 Camps

Grade 4-5 Camps

Grade 6-8 Camps

CAMP SESSIONS

Week 1: June 1*

Week 2: June 4 - 8

Week 3: June 11 - 15

Week 4: June 18 - 22

Week 5: June 25 - June 29

Week 6: July 2 - 6**

Week 7: July 9 - 13

Week 8: July 16 - 20

Week 9: July 23 - 27

Week 10: July 30 - August 3

Week 11: August 6 - 10

Special supply or transportation fees may apply to certain sessions. Please check in the session descriptions section of this Registration Guide.

EXTENDED CARE

Extended Care is available to accommodate busy schedules. Campers enrolled in Pre-Camp care may sign-in as early as 7:45 a.m. For afternoon care, Post-Campers may be signed out any time before 6 p.m.

Pre-Camp – 7:45 a.m. to 9 a.m.

\$5/day or \$20/week

Post-Camp – 4 p.m. to 6 p.m.

\$5/day or \$20/week

Campers must be picked up by 4:15 p.m. unless they are enrolled in Post-Camp, in which case, they must be picked up by 6 p.m. to avoid a \$1/minute late charge.

LOCATION AND PARKING

Campers will be dropped off and picked up at Saint Paul's United Methodist Church located at 1700 North Meridian Road, Tallahassee, FL 32303 during weeks 1-5 and 10-11. Parking is available behind the building and is accessible from Tharpe Street or the Lake Ella entrance. For weeks 6-9, campers will be dropped off at Cornerstone Learning Community located at 2524 Hartsfield Road, Tallahassee, FL 32303. Parking is available in front of the west building where camp is located.

VOLUNTEER OPPORTUNITY FOR HIGH SCHOOL STUDENTS

Are you looking for something fun to do this summer? Do you need to earn volunteer hours? Would you like to gain some professional experience working in an exciting environment?

Students entering the 9 through 12 grades are eligible for our Counselors-In-Training Program!

You must pre-register and attend a training session on May 29, from 3 p.m. to 5 p.m. at Saint Paul's United Methodist Church. Each volunteer is

responsible for completing a Level 2 background clearance. There is a one-time fee for the program which covers the expense of the screening.

Call or email Aimee Hills for additional

details and to register for the Counselors-In-Training Program (850) 591-6362 or aimee@tallymolab.org.

GRADES PREK5-1 CAMP SESSIONS (FULL DAY SESSIONS ONLY)

Sizzling Summer Science

Kick off the school break with a day of exploration and experiments with a summer twist. Have fun as you harness the power of the sun to run toys, create a color changing UV bracelet, and mix up a yummy sizzlin' summer snack!

A1D: June 1

- **Rate for day 1 is \$45 for the first camper and \$43 for each additional.**

Doc MoStuffin's: Pet Vet

Scrub in to a week of discovering how fun it is to learn about keeping our pets healthy and happy! You'll explore pet anatomy, declare the diagnosis, cook up some yummy dog treats, engineer cat toys, and make a stethoscope.

A2D: June 4-8

Dino-mite Dinosaur Camp

You are the paleontologist as you embark on a prehistoric journey back to when dinosaurs ruled the earth. Dig in and discover as you unearth creatures big and small by participating in an assortment of primeval projects! Enjoy live encounters with animals whose ancestors roamed the earth since the dinosaurs including a visit from Carol's Critters.

A3D: June 11-15

Island Adventure

Set off on a voyage traveling towards where the sky meets the sea and discover the art, people, and science of exotic lands. Destinations in our quest include the islands of the Polynesia, Madagascar, and Philippines. How far will you go?

A4D: June 18-22

A Galaxy Far, Far Away

Three, two, one – blast off for an adventure around the solar system and beyond! Create space suits, flying rockets, twirling comets, create an edible constellation cookie, make a solar oven, and more as you participate in hands-on art and science projects that are out of this world!

A5D: June 25-29

Tasty Science

It's a delicious week using food to explore science and the senses with some edible and not-so-edible projects. Feed your sweet tooth with crystallized rock candy, create a potato chip kite, get hands-on with salt and buoyancy experiments, engineer a candy house, enjoy pizza math fun, and much more!

A6D: July 2-6

***NO CAMP ON JULY 4 which is a state holiday. Rate for week 6 is \$145.**

Animal Engineers

How do prairie dogs construct their "towns"? What materials do termites use to construct their mounds? Who digs a snow cave to stay warm? Discover some amazing creatures and learn about building, designing, and creating from nature's furry and not-so-furry friends!

A7D: July 9-13

Little Wizards

Abacadabra, poof! It's a week of magical discoveries that is sure to inspire both muggles and magicians.

Mix up potions that fizz and sparkle, use math skills to

learn card tricks, explore the power of plants, and the

possibility of unicorns.

A8D: July 16-20

Contraptions and Lego Lab

You are the engineer as you invent, design, and build crazy contraptions from all sorts of materials! Get hands-on designing marble coasters, learn about levers and inclined planes, build a car, and work with Legos to build some super structures!

A9D: July 23-27

Silver Screen Science

Campers will enjoy artistic creations and scientific discoveries from our favorite silver screen friends. Create a *Coco* inspired skeleton, explore color with *Trolls* and build a bridge, discover all thing hot and *Frozen*, dive into the ocean world with *Nemo*, and explore the Amazon with *Rio*.

A10D: July 30-August 3

Spark Smorgasbord

Wrap up a thrilling summer of discovery and fun with a week of our favorite art and science activities! Create your own dinosaur egg, make glitter slime, explode a volcano, and mix-up a delicious slushy!

A11D: August 6-10

GRADES 2-3 CAMP SESSIONS (FULL DAY SESSIONS ONLY)

Sizzling Summer Science

Feel the heat and kick off the summer with a sizzling day of science exploration. Experiment with solar energy, have fun with phase changes, and more!

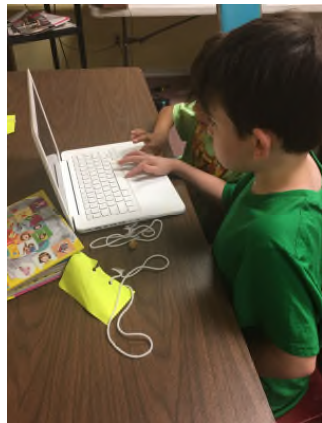

B1D: June 1

- **Rate for day 1 is \$45 for the first camper and \$43 for each additional.**

Rock-IT-BOT Kids

Campers, get ready to rock out an awesome week of camp exploring all things STEM! We'll get hands-on with rocketry, computer programming, robotics, build with K'Nex, and even practice code on a NTX 2.0 Lego® Robot!

B2D: June 4-8

World Time Travelers

Pack your bags for an adventure back in time and around the world. Each day you'll discover the art and science of ancient civilizations. Explore underwater shipwrecks of pirates, delve into sports science and host your own Olympic games, make an Egyptian shadow clock, and much more!

B3D: June 11-15

Camp Incredibles!

Uncover the secret life and powers of our favorite superheroes. Explore machines that give us super strength, experiment with invisibility, stretch bodies made of rubber, and test the ability to walk on water. It's incredible how super scientific are our favorite heroes and villains!

B4D: June 18-22

Modiator Springs

Start your engines for a lightning week of discovery! We will travel route 66 enjoying cool experiments and projects that explore machines, reveal desert ecosystems, and connect circuits. Plus, design your own car, create a cartoon, engineer a marble race track, travel to the old motor cottages of Lake Ella, and on Thursday – hit the road on a field trip to Mission San Luis!

- Field Trip Fee: \$10 transportation and admission fee to Mission San Luis.

B5D: June 25-29

Wizard School

Head to Diagon Alley and embark on a spellbinding journey exploring the world of magic. Using your math and science skills, you'll learn to amaze friends and family with sleight of hand tricks, illusions, and potions – we'll also study herbology and magical creatures.

B6D: July 2-6

***NO CAMP ON JULY 4 which is a state holiday. Rate for week 6 is \$145.**

Splash n' Bubbles!

What a great way to beat the heat – with a water themed week of experiments and activities. Enjoy buoyancy challenges, water balloon trajectory games, discover animals that splash and bubble, make giant and smoke-filled bubbles, and even explode a water melon!

B7D: July 9-13

Hyper Space Explorers

Discover the wonders of space as you blast about exploring solar systems of the New Republic and the First Order! Design a droid, use the force and experiment like a Jedi, compare the deserts of Earth to Jakku, and make an edible asteroid. Plus, enjoy a totally Tatooine costume party on Friday!

B8D: July 16-20

Sweet and Salty Science

Calling all junior physicists and chemists with a taste for food experiments. We'll get hands on and explore what happens when you melt a Starburst or crunch a Wint-O-Green in the dark? Discover viscosity, buoyancy, and osmosis from a potato, and have fun learning about germination creating a Chia pet potato!

- **Lab fee: \$10**

B9D: July 23-27

Mission: Spy Science

Learn how to operate undercover! Explore the tricks of the trade and solve mysteries. Campers will experiment with invisible ink, decipher codes, identify finger prints, and use their engineering skills to create escape ziplines and make-shift bridges.

B10D: July 30-August 3

Spark Smorgasbord

Enjoy one more week of exciting art and science explorations with an incredible assortment of experiments and crafts! Discover glow science, enjoy some slime time, cook up candy chemistry, go for an eco-stroll, and wrap up the summer with a bang!

B11D: August 6-10

GRADES 4-5 CAMP SESSIONS

(FULL DAY SESSIONS ONLY)

Sizzling Summer Science

Get the summer started with a fun day exploring the season of heat! Enjoy a variety of activities including getting hands on with solar science circuitry, and cooling off with a foamy fountain.

C1D: June 1

- **Rate for day 1 is \$45 for the first camper and \$43 for each additional.**

3D Toy Maker

Explore the world of 3D design and digital printing! Try your hand at industrial design - go through the creative process from paper to print and create your own 3D models. Use your creativity and engineering skills to assemble all sorts of 3D toys that you can showcase during an Invention Convention at the end of the week!

- **Supply Fee: \$20**

C2D: June 4-8

Animal Grossology

A baby penguin is pretty cute, right?! But, its dinner may not seem so appetizing. Explore why some animals are cool being a little gross. Discover blood suckers and make fake blood, learn about slime makers and try your hand at it, and create a (surprisingly) yummy "litter box" snack. Enjoy live encounters in a special visit from Carol's Critters!

C3D: June 11-15

Hogwarts Academy

All wizards, squibs, and muggles enrolled in this summer session of Hogwarts Academy will participate in daily lessons to assist in the preparation of OWL Exams. Students will get hands-on with Herbology, Potions, Astronomy, Arithmancy, History of Magic, and the Care of Magical Creatures. Lessons in the Defense Against the Dark Arts will not be taught at this time.

C4D: June 18-22

Indiana Jones Adventure Camp

Journey around the world in the footsteps of the adventurer as you explore ancient and lost civilizations! Uncover the myth behind the crystal skull, create a boulder with great momentum, work a dig site, discover the power of pulleys, craft a booby trap, and decipher Egyptian code. On Thursday, go on your own adventure to Mission San Luis.

- **Field Trip Fee: \$10 transportation and admission fee to Mission San Luis.**

C5D: June 25-29

Fire It Up!

Beat the heat by enjoying a week dedicated to all things hot! Discover the best way to neutralize hot sauce, use heat in a magic trick, learn the science of fireworks, enjoy a combustion show, produce heat with chemistry, and explore

the best way to make and extinguish a fire. Plus, enjoy a visit from local fire fighters!

C6D: July 2-6

***NO CAMP ON JULY 4 which is a state holiday. Rate for week 6 is \$145.**

Lego® Robotics I

No need to short circuit with this robotics camp! Learn the basics of robotics as you explore the relationship of gears to speed and torque, try tasks with robot hands, and build and program with Lego® Mindstorms EV3 Education Software. On Friday, invite friends and family to watch your robot navigate a course!

C7D: July 9-13

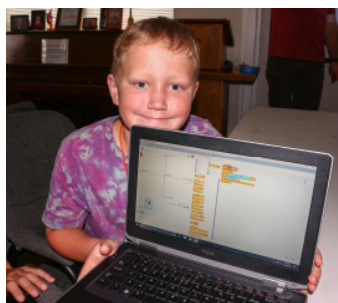

Iron Science Chef

It's a week of kitchen chemistry, culinary explorations, and creative concoctions! You're the chef as you team up to cook up tasty treats, write your own recipes, and explore savory combinations. The week starts with a lesson in kitchen safety and concludes with a fun chef challenge!

- **Lab Fee: \$15**

C8D: July 16-20

Go Code Gamers!

From pixels to megabytes – you will learn the ins-and-outs of game creation! Play and rank games on introduction, content, and delivery. Get hands-on with introductory coding challenges, draw your own pixel art, customize your own avatar, and

create your own games on platforms including Scratch, GameMaker, and Roblox.

- **Field Trip Fee: \$25 transportation fee, field trip to Gamescape on Friday**

C9D: July 23-27

Hollywood Science

Get ready to walk the red carpet! From the back lot to opening night, explore the world of movie magic. Practice the art of script writing, the science of special effects, and create your own short film to debut at the end of the week in a special premiere event for friends and family!

- **Lab Fee: \$10**

C10D: July 30-August 3

Spark Smorgasbord

Get geared up for the school year with a week of MoLab's favorite STEM activities! Enjoy hot chemistry experiments, test the force of electricity and magnets, practice action painting, engineer a candy super structure, and make your own ice cream!

C11D: August 6-10

GRADES 6-8 CAMP SESSIONS

(FULL DAY SESSIONS ONLY)

Sizzling Summer Science

What a great way to kick off the summer – exploring the science of heat! Get hands-on with exothermic reactions, create a vacuum, and cool off making your own ice cream.

D1D: June 1

- **Rate for day 1 is \$45 for the first camper and \$43 for each additional.**

Veterinary Science

Learn what it's like to be a veterinarian and explore the essentials of pet care and medicine. Discover the important

duties of the skeletal, digestive, muscular, and circulatory systems; diagnose ailments; and delve into the science behind scooting and hairballs. On

Wednesday, enjoy a special trip to The Leon County Animal Service Center to tour the facility and see veterinary science in action!

- **Field Trip Fee: \$15 transportation fee, field trip to Leon County Animal Service Center.**

D2D: June 4-8

3D Design Lab

Design, Create, and Print! We'll follow the same processes an industrial designer goes through to create a product: sketch your ideas out on paper, turn your sketch into a 3D computer model, and then bring your idea to life by 3D printing your creation! Explore how 3D printing is changing our future!

- **Supply Fee: \$20**

D3D: June 11-15

Coding and Videogame Makers

Just don't play the games – create them! Spend the week getting hands-on as you code and create your own videogames. Campers will sharpen their skills using a variety of platforms, including Unity and Python. You will practice story development, programming, creating avatars, and mobs. Plus explore careers in computer engineering!

- **Field Trip Fee: \$25 transportation fee, field trip to Gamescape on Friday**

D4D: June 18-22

Digital Photography

Campers will enjoy a week discovering new techniques, experimenting with light and composition, and participating in projects that explore photographic genres. Plus, discover how computer technology can be used to enhance digital creations all the while creating a portfolio of your work. Enjoy walks around Lake Ella and a field trip to Mission San Luis!

- **Supply & Field Trip Fee: \$25 to cover the expenses of photo paper and ink; plus, transportation and admission to Mission San Luis.**
- **Campers will need to bring a digital camera with zoom, flash, and USB cord.**

D5D: June 25-29

Lights, Camera, Action

Quiet on the set! It's time to explore the ins-and-outs of film production. You're the producer as you team up to write a script, design sets and costumes, and practice special effects techniques. Film and edit a live action short for a Friday film premiere. It's a wrap!

- **Lab Fee: \$10**

D6D: July 2-6

***NO CAMP ON JULY 4 which is a state holiday. Rate for week 6 is \$145.**

Master Mo-Chef

Concoct, Create, Cook – work with mystery ingredients, learn kitchen safety, explore cooking chemistry and culinary science, master creativity, and presentation. The week is full of hands-on experiments and mini challenges. This camp culminates in a 2 hour competition with a mystery ingredient. It's a gastronomic adventure!

- **Supply Fee: \$25**

D7D: July 9-13

Lego® Robotics II

Campers are the engineers as they explore the exciting world of robotics. Campers will work with cutting-edge Lego® Mindstorms EV3 Education Software as well as sound, touch, and light sensors! They will get hands-on experience with circuitry and programming with the culmination being an end of the week obstacle course – are you up for the challenge?

D8D: July 16-20

Summit Science

Grab your ice axe and layer up for an adventurous week discovering the science behind the world's highest peaks! Participate in cool experiments that investigate climate, gear and machines, high altitudes and gas exchange, and explore the inhabitants of extreme locations from Mt. Everest to Mt. McKinley. Plus, complete your own summit challenge on Cornerstone's rock climbing wall.

D9D: July 23-27

Architecture and Design

Spend the week exploring architecture and design through art projects, building activities, and design challenges. Campers will use computer software to draw 3D models, construct real-world models with Lego® and art supplies, and discover mobile design and survival architecture. On Wednesday, campers will enjoy a special site visit and have the privilege of touring the only private residence Mr. Frank Lloyd Wright designed that was built in Florida!

- **Field Trip Fee: \$20 transportation and field trip fee to The Spring House**

D10D: July 30-August 3

Spark Smorgasbord

Wrap up a super fantastic summer of discovery with a week dedicated to our favorite activities and experiments! Spark your excitement with hands-on imploding and exploding chemistry, get hands-on with plasma, engineer a hidden alarm, and more!

D11D: August 6-10

CAMP SPARK – IGNITING KNOWLEDGE! REGISTRATION FORM
