

Camp Spark – Igniting Knowledge! Summer 2016

Camp Spark makes learning fun and links Science, Technology, Engineering, Art, and Mathematics (STEAM) concepts to the real-world.

ABOUT

MoLab, Inc.'s Camp Spark – Igniting Knowledge! is offered when students in Leon County are on school breaks for the winter, spring, and throughout the summer. Sessions are presented at a local school or organization. The Summer Camp Spark 2016 session will be located at Saint Paul's United Methodist Church at 1700 North Meridian Road, Tallahassee, FL 32303 during weeks 1-4 and 10-11. For weeks 5-9, camp will be hosted at Cornerstone Learning Community located at 2524 Hartsfield Road, Tallahassee, FL 32303. Please see page 3 for dates of each week.

Summer Camp Spark will offer students 5 years old through the 8th grade the opportunity to participate in art and science activities in a fun, interactive, and safe environment. Each weekly session will present campers the opportunity to explore science through creative play, experimentation, and inquiry-based learning experiences. The sessions present age-appropriate curriculum and are designed to provide students with engaging educational activities that are both informative and entertaining.

Camp sessions are staffed by certified school teachers and/or MoLab, Inc. educators. MoLab, Inc. conducts Level 2 background screenings on all employees/volunteers and maintains at least a 1:9 adult to child ratio. Weekly sessions are offered by rising grade level and each day will present a new experience with age-appropriate activities.

Camp Spark makes learning fun and links Science, Technology, Engineering, Art, and Mathematics (STEAM) concepts to the real-world.

HOW TO REGISTER

Registration begins March 23, 2016. Our Camps fill on a first-come, first-served basis. Please register early as Camps fill quickly. A \$35 **non-refundable deposit** is required to register for each session, which is subtracted from the total Registration Fees. Complete payment (including Camp tuition and other related fees) for June Camp sessions (weeks 1-5) is due by June 1, July Camp sessions (Weeks 6-9) by July 1, and August Camp sessions (weeks 10-11) is due by August 1. Clients may also choose to pay in full with Registration.

Payments become **non-refundable two weeks prior** to the Camp start date. Refunds will be given up to 2 weeks prior to the start of a session **minus the \$35 non-refundable deposit.**

Please complete one registration form for each Camper (photocopies are acceptable).

Select **Camp sessions based on the grade level that the Camper will be entering in the fall of 2016.** Be sure to include title, code, and correct fees on the Registration Form. If registering more than one child, deduct a \$10 per week Sibling Discount from the lesser of your children's tuition subtotals.

Registration Forms (page 8) can be mailed or emailed. To pay by check or money order, please send completed Registration Forms and payment by mail to **1700 N. Monroe Street Suite 11-223, Tallahassee, FL 32303.**

Credit card payments must be made at www.tallymolab.org using MoLab's PayPal account. After completing your PayPal transaction, please write the confirmation sequence on the Registration Form. **In order to ensure that your child's spot is secured, you must send the Registration Form via email to aimee@tallymolab.org as soon as the payment transaction is completed.**

Account statements will be emailed to the parent or guardian upon Registration showing the remaining balance due. All Campers must have an Authorization to Pick Up Camper Form on file. Campers requiring medication to be administered during Camp hours must also have a completed Authorization to Administer Medication Form (only oral medications will be administered). All appropriate Forms (required: Authorization to Pick Up Camper Form and Lunch Order Form) should be returned to MoLab prior to the session start date. Please return by mail or email. Camp paper work is available online at www.tallymolab.org.

If a Camp session is full, you may request to be put on a waiting list. If a Camp must be cancelled due to minimum enrollment requirements, an alternative session can be selected, space permitting, or payment will be refunded.

CAMP DAYS, HOURS, & FEES

Monday – Friday*

Full day sessions: 9 a.m. – 4 p.m.
Drop Campers off starting at 8:45 a.m.
and pick up by 4:15 p.m.
\$175 per weekly all-day session**
All fees include lunch and snacks

**Weeks 1 & 6 are four day sessions due to State
Holidays. The rates for these weeks are \$140.*

*Sessions offered according to Grade Level that the
Camper is entering for fall 2016:*

Grade PreK5-1 Camps

Grade 2-3 Camps

Grade 4-5 Camps

Grade 6-8 Camps

CAMP SESSIONS

Week 1: May 31- June 3*

Week 2: June 6 - 10

Week 3: June 13-17

Week 4: June 20 - 24

Week 5: June 27 - July 1

Week 6: July 5 – 8*

Week 7: July 11 - 15

Week 8: July 18 - 22

Week 9: July 25 - 29

Week 10: August 1 - 5

Week 11: August 8 - 12

**Special supply or transportation fees may apply
to certain sessions. Please check in the session
descriptions section of this Registration Guide.

EXTENDED CARE

Extended Care is available to accommodate busy
schedules. Campers enrolled in Pre-Camp care
may sign-in as early as 7:45 a.m. For afternoon
care, Post-Campers may be signed out any time
before 6 p.m.

Pre-Camp – 7:45 a.m. to 9 a.m.

\$5/day or \$20/week

Post-Camp – 4 p.m. to 6 p.m.

\$5/day or \$20/week

Campers must be picked up by 4:15 p.m. unless
they are enrolled in Post-Camp, in which case,
they must be picked up by 6 p.m. to avoid a
\$1/minute late charge.

LOCATION AND PARKING

Campers will be dropped off and picked up at
Saint Paul's United Methodist Church located at
1700 North Meridian Road, Tallahassee, FL
32303 during weeks 1-4 and 10-11. Parking is
available behind the building and is accessible
from Tharpe Street or the Lake Ella entrance.
For weeks 5-9, campers will be dropped off at
Cornerstone Learning Community located at
2524 Hartsfield Road, Tallahassee, FL 32303.
Parking is available in front of the west building
where camp is located.

VOLUNTEER OPPORTUNITY FOR HIGH SCHOOL STUDENTS

Are you looking for something fun to do this
summer? Do you need to earn volunteer hours?
Would you like to gain some
professional experience
working in an exciting
environment?

Students entering the 9th
through 12th grade are eligible
for our Counselors-In-
Training Program!

You must pre-register and
attend a training session on

May 26, from 3 p.m. to 5
p.m. Each volunteer is
responsible for completing a
Level 2 background
clearance. There is a one-
time fee for the program
which covers the expense of
the screening.

Call or email Aimee Hills for
additional details and to register for the
Counselors-In-Training Program (850) 591-6362
or aimee@tallymolab.org.

GRADES PREK5-1st CAMP SESSIONS (FULL DAY SESSIONS ONLY)

Circus Science

Discover the importance of physics as it applies to the greatest show on earth. Campers will explore the science of popcorn and make kernel art, create a butterfly balancer, explore trajectory with bean bag toss challenges, and make props for a Camp Spark Circus Parade on Friday afternoon!

A1D: May 31 – June 3

***NO CAMP ON MAY 30th which is a state holiday.**

Rate for week 1 is \$140.

Apatosaurus Adventure

It's a Jurassic adventure back in time when dinosaurs ruled the earth! Discover creatures big and small that roamed the earth, ruled the sea, and soared through the skies. Rock-out this session by getting hands-on with fossils, dino-discovery experiments, and primeval crafts.

A2D: June 6-10

Divin' with Dory

Dive into the wonders of the sea and discover Dory's unforgettable world. Explore underwater habitats with predators and prey, experiment with things that sink or float, create octopus art, and even enjoy a little pirate science too. From seashore to the deep ocean – it's a big blue world to explore!

A3D: June 13-17

Insect and Flower Power

It's National Pollinator Week and a great time to explore the importance of plants, insects, and other pollinating friends. Get hands-on and learn how bats help farmers or why lady beetles are good for your garden; dissect a flower; get the buzz on bees and sample local honey; enjoy live insect encounters, and more!

A4D: June 20-24

Super Structures

Ever wonder which skyscraper is the tallest in the world, or how a giant ship can float on water? Explore some super structures as you test the strength of shapes, construct a cruiser, enjoy engineering challenges, sketch a castle, build structures with Legos®, and explore some super structures built by nature!

A5D: June 27-July 1

Creative Concoctions

Mix, mash, fizzle – there are so many ways to get creative with concoctions! Get hands-on with frothy foam, blend up ingredients for slimy mixtures, try some food chemistry, and make your own sidewalk chalk!

A6D: July 5-8

***NO CAMP ON JULY 4th which is a state holiday. Rate for week 6 is \$140.**

Jungle Explorers

Jaguars, pythons, and tigers – oh my! Campers will get creative as they explore the jungle habitats around the world and discover top predators, exotic plants, and amazing animal adaptations; plus discover how they can protect the future of these ecosystems!

A7D: July 11-15

Young Padawans

Discover the wonders of the universe as you blast about exploring solar systems and the galactic empire! Design a droid, experiment like a Jedi, use the force, make an edible asteroid, and other out-of-this-world treats.

A8D: July 18-22

ArtLab

Enjoy a week of scientific investigation with an artistic twist! Experiment with combining the primary colors of light, trick the eye with optical illusions, create and paint your own salt sculpture, make 3D recycled art, and mix up your own colors!

A9D: July 25-29

Science Sleuths

You're the scientist as you investigate the natural world, participate in chemistry experiments, explore weather systems, build structures, and enjoy games and crafts that uncover the wonders of science.

A10D: August 1-5

Spark Smorgasbord

Wrap up an exciting summer of discovery and fun with a week of our favorite art and science activities – create edible concoctions and colorful chameleons, engineer gliders and flying hoopsters, explore weather wonders, and dinosaurs abound!

A11D: August 8-12

GRADES 2-3 CAMP SESSIONS

(FULL DAY SESSIONS ONLY)

Pokémon Science

It's a week dedicated to the art and science of anime! Discover Ponyta's luminescent tail resulting from a chemical reaction, explore sound with Whismur, and get hands-on with Charizard's melted rock! Plus, make a pokéball and your own characters with super scientific powers!

B1D: May 31-June 3

***NO CAMP ON MAY 30th which is a state holiday.**

Rate for week 1 is \$140.

Galactic Rebels

Get ready to explore the Galaxy and beyond – Jedi style – encounter asteroid fields, explore AI, compare our deep oceans to those on Naboo, create a hovercraft, enjoy Star Wars trivia challenges, and practice Jedi mind reading tricks! Plus enjoy a totally Tatooine costume party on Friday!

B2D: June 6-10

Inside Out Science

Wow – there are so many fun ways to explore the science of the brain! Participate in cool brain teaser challenges, trick the eye, paint your emotion, and enjoy sensory experiments in smell and taste. Compare our brain to other creatures; test a dog's smarts and smell like a salmon.

B3D: June 13-17

Backyard Adventure

Kite flying, sports, insect observation, gardening, painting pots, a balloon toss, ice cream party; explore the science around us in our own backyard as we participate in cool experiments and awesome crafts. On Friday, travel to the Tallahassee Museum for fun exploring in their backyard!

- **Field Trip Fee:** \$15 transportation and admission fee to the Tallahassee Museum on Friday.

B4D: June 20-24

Wizard School

Head to Diagon Alley and embark on a spellbinding journey exploring the world of magic. Using your math and science skills, you'll learn to amaze friends and family with sleight of hand tricks, illusions, potions – we'll also study Herbology and magical creatures.

B5D: June 27-July 1

Edible and Wearable Art

Combine your cooking and creativity skills to make art that you can eat and/or wear. Explore chemistry and make chocolate frogs, bake clay beads, engineer a marshmallow sculpture, paint with cool whip, and create Twinkie art!

B6D: July 5-8

***NO CAMP ON JULY 4th which is a state holiday. Rate for week 6 is \$140.**

Lego® and Chain Reactions

Use Legos®, K'NEX, and an assortment of other materials to explore engineering concepts as you construct, build, collaborate, and play! Campers will also enjoy a series of engineering projects from a Lego® Chain Reaction kit that they get to keep. Are you up for the challenge?

- **Supply Fee:** \$18 provides a Lego® Chain Reaction Kit for each camper.

B7D: July 11-15

Extreme Expeditions

From Everest to the Antarctic; explore remote places and extreme climates; discover amazing creatures and adaptations, learn survival techniques and get hands-on by making a Viking compass, creating a model igloo, learn celestial navigation, and much more.

B8D: July 18-22

Splash O' Rama!

What a great way to beat the heat – with a water themed week of experiments and engineering activities! You will do all sorts of fun things like: build a catapult and predict trajectory to launch water balloons, make it rain in a jar, build buoyant barges, create water color art, and craft a leak proof bag!

B9D: July 25-29

Undercover Spy Camp

Learn how to operate undercover! Campers will experiment with invisible ink, write hidden messages, and create chromatography with paper towels. Explore the science behind fingerprints and other tricks of the trade used to solve mysteries.

B10D: August 1-5

Spark Smorgasbord

Enjoy one more week of exciting art and science explorations with an incredible assortment of experiments and crafts! Explore potato chip science, make polymer art, get hands-on with simple machines, and create chemistry concoctions!

B11D: August 8-12

GRADES 4-5 CAMP SESSIONS

(FULL DAY SESSIONS ONLY)

Atomic Comics

Create your own comic strip and learn about perspective, drawing characters, and storyline development. Get hands-on with experiments that reveal the science behind some amazing super heroes and invent astonishing traits for your own characters.

C1D: May 31 – June 3
***NO CAMP ON MAY 30th**
which is a state holiday. Rate
for week 1 is \$140.

Go Code Gamers!

From pixels to megabytes – you will learn the ins-and-outs of game creation! Play and rank games on introduction, content, and delivery. Get hands-on with introductory coding challenges, create your own games, draw your own pixel art, make your own avatar, and follow the evolution of gaming design and technology.

- **Field Trip Fee: \$25 transportation fee, field trip to Gamescape on Friday**

C2D: June 6-10

Jedi Training Challenge

Stellar space activities and Jedi challenges abound as you explore the science of Star Wars. Discover the logistics of space mining, construct your own droid, delve into the genetics of a cloned army, and reveal the mysteries of distant galaxies.

- **Lab Fee: \$14 to cover the cost of a Table Top Robot**

C3D: June 13-17

Zoology and Pet Care

Explore the ins-and-outs of the animal kingdom! Discover anatomy and ecosystems; learn the basics of caring for a variety of critters; create pet toys and edible treats. Plus, we will enjoy live encounters with Carol's Critters and exploration time at the Tallahassee Museum!

- **Field Trip Fee: \$15 transportation and admission fee to the Tallahassee Museum on Friday**

C4D: June 20-24

Rockets and Roller Coasters

Discover the science behind rocketry and your favorite amusement park thrills! Explore physics, math, and technology through a series of fun hands-on challenges including: create a 3-D roller coaster model, use the MacLab to test virtual coaster designs, try a pendulum experiment that might give you whiplash, and even build and launch two of your own rockets!

- **Lab Fee: \$10 helps cover the cost of Estes Kits and 2L Bottle Rockets**

C5D: June 27-July 1

Medieval Mania

Calling all lords and ladies for a week of scientific discovery and excitement straight from medieval times! Learn about machines and build a catapult, experiment in alchemy and with light, build a 3-D castle, and get ready for a banquet on Friday complete with a tournament and feast!

C6D: July 5-8

***NO CAMP ON JULY 4th which is a state holiday.**

Rate for week 6 is \$140.

Minecraft Science

No need to have played the game to enjoy this week of discovery. Just like "survival mode," campers will dig for rocks and minerals as well as explore landforms that make up virtual worlds. Use your creativity to make pixel art, creeper creatures, and origami sculptures. Campers will also explore engineering concepts to build shelters, concoct fertilizer for crops, and determine volume and area with math skills, plus much more!

C7D: July 11-15

Lego® Robotics I

No need to short circuit with this robotics camp! Learn

the basics of robotics as you explore the relationship of gears to speed and torque, try tasks with robot hands, and build and program with Lego® Mindstorms® Education Software. On Friday, invite friends and family to watch your robot

navigate a course!

C8D: July 18-22

Hogwarts Academy

All wizards, squibs, and muggles enrolled in this summer session of Hogwart's Academy will participate in daily lessons to assist in the preparation of OWL Exams. Students will get hands-on with Herbology, Potions, Astronomy, Arithmancy, History of Magic, and the Care of Magical Creatures. Lessons in the Defense Against the Dark Arts will not be taught at this time.

C9D: July 25-29

Travel Kids

Travel the globe and discover modern marvels and ancient ruins as you get hands-on with technology, science, engineering, and art as you recreate the Roman Arch and build a Dubai inspired skyscraper, move water the Mayan way, explore the rain forest, and create culinary delights inspired by your journeys – yum!

C10D: August 1-5

Spark Smorgasbord

Get geared up for the school year with a week of interactive art and science discovery! Enjoy experiments in chemistry and some "boom" science, go on scavenger challenges, get hands-on with bubble gum science, construct fog-ring shooters, and color explosions!

C11D: August 8-12

GRADES 6-8 CAMP SESSIONS

(FULL DAY SESSIONS ONLY)

Social Media Promo

Kick off your summer getting hands-on with the MacLab and learning how social media is used to create a buzz. Learn how to Hootsuite about MoLab on Facebook and Twitter, shoot camp films to load on YouTube, create a Pinterest page, and start and manage a blog. Have fun being in charge of MoPromotions all week!

D1D: May 31-June 3

***NO CAMP ON MAY 30th which is a state holiday. Rate for week 1 is \$140.**

Sci-Fi Theatre

What predictions have authors made about the future? Explore our favorite science fiction and sort fantasy from possibility. Investigate the genetics of Jurassic Park; build artificial limbs and explore electricity with Frankenstein; and discover AI, space travel, and aliens of Star Wars. Use your imagination to write and perform your own production at the end of the week!

D2D: June 6-10

Coding and Videogame Makers

Just don't play the games – create them! Spend the week getting hands-on as you code and create your own videogame using the MacLab. Campers will sharpen their skills using a variety of platforms as they practice story development, programming, creating avatars, NPC, and mobs. Plus explore careers in computer engineering!

- **Field Trip Fee: \$25 transportation fee, field trip to Gamescape on Friday**

D3D: June 13-17

Digital Photography

Campers will enjoy a week discovering new techniques, experimenting with light and composition, and participating in projects that explore photographic genres. Plus, discover how Mac technology can be used to enhance digital creations all the while creating a portfolio of your work. On Friday, travel to the Tallahassee Museum to shoot in nature!

- **Supply & Field Trip Fee: \$30 to cover the expenses of photo paper and ink; plus transportation and admission to the Tallahassee Museum.**
- **Campers will need to bring a digital camera with zoom, flash, and USB cord.**

D4D: June 20-24

Design Lab

You're the scientist, engineer, and programmer as you use the engineering design process to imagine, plan, tweak, and create solutions to real-world problems. Get hands-on with conductive materials, build your skills in electronics, and gain experience with Arduino programming as you get-hands on with your own kit to bring home and continue the discovery!

- **Supply Fee: \$30 for an Arduino kit including a programmed RedBoard, speaker, Potentiometer, cable, jack, adapter, and LEDs.**

D5D: June 27 - July 1

Boom & Pop Art

Explore and create art that pops, booms, and explodes with color! Discover the Pop Art movement and create colorful masterpieces, drop a paint bomb, use science that fizzes and explodes to create colorful canvases. It's art and science that's bound to get a little messy!

D6D: July 5-8

***NO CAMP ON JULY 4th which is a state holiday. Rate for week 6 is \$140.**

Zombie Apocalypse

An outbreak of zombies – oh no! Explore the science behind the fiction as you investigate infectious disease; create a zombie survival kit, participate in experiments that test the heart's response to fear, build a voltmeter and learn how it measures panic, study the brain, participate in fun survival challenges, and more!

D7D: July 11-15

Master Mo-Chef

Concoct, Create, Cook – work with mystery ingredients, learn kitchen safety, explore cooking chemistry and culinary science, master creativity, and presentation. The week is full of hands-on experiments and mini challenges. This camp culminates in a 2 hour competition with a mystery ingredient!

- **Supply Fee: \$25**

D8D: July 18-22

Lego® Robotics II

Campers are the engineers as they explore the exciting world of robotics. Campers will work with cutting-edge Lego® Mindstorms® Education Software as well as sound, touch, and light sensors! They will get hands-on experience with circuitry and programming with the final culmination being an end of the week obstacle course – are you up for the challenge?

D9D: July 25-29

Architecture 101

This week will focus on architecture, environment and design in the context of Frank Lloyd Wright. Find geometric shapes in nature and everyday objects, create pattern and origami art, compare styles and experiment with color, read architectural plans, explore sustainable elements, and get hands-on with computer applications to create your own inspired design. Campers will have the privilege of touring the only private residence Mr. Wright designed that was built in Florida!

- **Field Trip Fee: \$20 transportation and field trip fee to The Spring House on Wednesday.**

D10D: August 1-5

Spark Smorgasbord

Wrap up a super fantastic summer of discovery with a week dedicated to our favorite activities and experiments! Spark your excitement with an assortment of hands-on projects such as engineering challenges, candy science experiments, zentangles art, and chemistry concoctions!

D11D: August 8-12

CAMP SPARK – IGNITING KNOWLEDGE! REGISTRATION FORM

1. CAMPER INFORMATION

Camper's Last Name	First Name	Age	Birth Date	School	Grade in fall '16
