JULY 2022

7.1.2022

July 1, 2022 marks the beginning of MoLab's TENTH Fiscal Year! We are fortunate to be able to celebrate with our campers and as per tradition, below is our annual HAPPY BIRTHDAY, MoLab! video with our awesome week six campers. Whoooo!

Aimee and I have so much to be thankful for and MoLab's success could not have happened if it wasn't for our wonderful community — YOU! As we continue to provide valuable programs any consideration to make a tax-deductible donation would be much appreciated. No amount is too small and all are welcomed! Donate @ bit.ly/Donate2MoLab! We are grateful for the continued support!

It has been a busy year for MoLab. Here are some MoHighlights!

MoBus Solar Science Programming

MoLab conducted hands-on solar science programs to eight Title 1 middle schools in Leon and Gadsden counties this spring. MoLab served approximately 1,011 students for a total of sixty-five classes. This was made possible through a generous grant from All Points North Foundation. Click the link to learn more about the MoBus Solar Science Sustainability Lab <https://www.tallymolab.org/our-bus/>

Holy Comforter Afterschool Programs & Offsite Camp Library Summer Outreaches

This fall and spring, MoLab's afterschool program returned to Holy Comforter. It was great to be back providing hands-on science fun! In addition to hosting Summer Camp Spark — Igniting Knowledge! MoLab also conducted a week of camp at Holy Comforter. MoLab hosted Hogwarts Academy for fourth and fifth grade students June 13—17, 2022. Campers enjoyed a week exploring the art and science of a magical world. What a fun time! Thank you, Holy Comforter for a great year!

MoLab also returned to conducting Leon County Public Library summer outreaches. MoLab visited all six library branches for "Make Things Sink, then Float" hands-on activities! We had a blast! Thank you Leon County Public Libraries!

Summer Camp Spark—Igniting Knowledge!

MoLab is currently hosting Summer Camp Spark, now in our sixth week with four more weeks of hands-on STEAM fun to go! We are thankful that we can still provide this valuable program for our camp families. It is never too early to plan for the next session of Camp Spark - Igniting Knowledge! Click the link for updates!
